### CIRCULAR

Dear Parents,

Warm greetings from TWGS!

We are writing to inform you of an exciting development in our educational approach in alignment with the National Education Policy 2020. The policy emphasizes the importance of nurturing skills and confidence among children to equip them to face the challenges of the 21st century effectively.

To adhere to these directives and provide our students with a well-rounded education, we have decided to introduce mandatory skill-based club activities for all students in our school. These activities are designed to foster essential skills and promote holistic development.

Attached to this circular, you will find a list of skill-based activities categorized by group. We kindly request your active involvement in helping your child select the activities that align with their interests and priorities.

Please submit the completed application form to your child's class teacher within the next four days. Timely submission is crucial to facilitate the planning and organization of these activities.

We believe that these skill-based club activities will enrich your child's educational experience, enhance their skill set, and prepare them for the challenges and opportunities of the future.

Should you have any questions, require further information, or need assistance in the selection process, please do not hesitate to contact us. We are here to support you and your child throughout this exciting initiative.

Warm regards,
